USER REVIEWS

- Attach your GoPro to roll bars, railings or any tubes from 1.4 to 2.5in (3.5 to 6.35cm) in diameter. The hinged, non-slip design is perfect for mounting to roof racks and more. The integrated base rotates 360° to let you capture shots from any angle at the push of a button. Move your camera between mounts on the fly with the included Vertical Mounting Buckle to enable multiple POVs for more dynamic footage.
- The hinged, non-slip design connects quickly to any 1.4 to 2.5in (3.5 to 6.35cm) diameter tube
 - Integrated base features 360° rotation with 16 secure positions, ensuring the perfect camera angle
 - Move your camera between mounts on the fly with the included Vertical Mounting Buckle to enable multiple POVs for more dynamic footage
 - Durable construction prevents slipping and breaking and minimizes vibration and camera shake
 - No loose parts to drop or lose
