**sodanopop** Was fun shooting Sammi painting her @squidbikes on Wednesday. It's been awhile since I've picked up the camera... Too many things keep getting in the way - life, travel, excuses. But I made time and some good things came out of it (now I just have to actually post! Ha). More to come! 😊

**brianmcgloin** One's rad new paint job much always match one's hair tie!
