Volume, track, toggle control with mic for easy music & calls

Easily switch between music and calls with smart controls (volume, track and toggle control)

Choice of wireless or wired listening

Use as a Bluetooth wireless headphone or listen via 3.5mm plug in option.

Bluetooth Stereo HSP / HFP / A2DP compliant

Bluetooth is a cable replacement technology. Bluetooth is a global standard, so Bluetooth devices of different manufacturers can interoperate using shared Bluetooth profiles. HSP (Headset Profile) and HFP (Handsfree Profile) are the profiles required for typical Bluetooth headset operations. If your mobile phone is compliant to HSP or HFP, this headset will work perfectly with it.
