Yummy

Loïc, our awesome chef prepare freshly maison-made breakfasts, lunches, dinners, beverages, coffees (10 varieties), fresh organic smoothies and fruits everyday to provide the fuel you need to innovate.

Events, Hackathons, & Tech talks

Want to organize, talk or attend an event? We give you two days per month to attend or organize team-buildings, conferences, trainings, meetups or hackathons.

Company outings

Work hard, play hard. We have an in-house bar with a large choice of wines and beers, dozens arcade machines, including the insane

Star Wars Battle Pod

. Plus, we organize memorable & engaging team events at least twice a month.

MacBook Pro laptop

Get the thinnest, lightest and most powerful MacBook Pro 15" on your first day to get your job done. Fun fact: We didn't find any laptop able to compute as fast as our team.

Flexything

We choose to work in a flex office environment to grow new, collaborative ideas and practices. We work in small product oriented teams to focus & execute faster. We don't track working hours, what matters is what you get done.

No diplomas required

At Scaleway, we don't care about your degrees, we only care about what you know. Your skillset will be evaluated in regard to your technical experiences and skills.

Benefits & Perks

Start a new life at Scaleway

Our values

A common set of simple values is driving our business

Disruptive

We believe infrastructure should be ultra easy, performant and efficient. We are committed to solving real life customer challenges through cutting-edge technologies and disruptive products.

Community-centric

Community is part of the team and drives us daily. Our mission is to create amazing services for Community, and enable those people to deliver even more amazing products to grow their business.

Be your own customer

Scaleway runs on top of our infrastructure. Our entire business relies on the same products our customers pay us for. To that end, we build products delivering the experience we want for ourselves.

Transparency

Whether it is good or bad news, we will share it. Helping our community to understand what's going on is key to building trust with our customers.

Always positive

Scaleway is made of energetic, talented and enthusiastic people, excited to work on amazing cloud products. Start dreaming about Scaleway, put your

(we will provide them when you come to apply.), and join us.

Be the pilot

At Scaleway, we don't care about your degrees, we only care about what you know. Your skillset will be evaluated in regard to your technical experiences and skills.

Open Positions

Come and reboot the Internet with us. We have hundreds of open positions in France and, soon, all over the world.

La maison

The new workplace experience

Become a resident

(/ la-maison)

The worlds biggest hacker house.

We created La Maison to boost creativity and offer our teams a peaceful atmosphere. La Maison is the place to transform ideas & concepts into successful products. With the most talented people, La Maison provides a unique environment bringing innovators & doers together.

Flexibility at scale

We want our residents to feel at home. they work the way they want, the place they want, the time they want and we take care of everything else. This flexibility enables skills sharing, communication, creativity and much more.

Magnificent hôtels particuliers

Innovation is not a mindset, it's a lifestyle. We brought together historic hôtels particuliers and cutting-edge office design to create La Maison concept. La Maison' residents live, eat, connect and work with each other smoothly in the most inspiring places in the world.
