This is... weird

orning (UTC) our systems detected a  
many prefixes for high profile destina  
nced by an unused Russian Autono

14:43 (UTC) 80 prefixes normally anno  
is such Google, Apple, Facebook, Mic  
Communications and Riot Games we  
the global BGP routing tables with an  
LINK-AS), out of Russia.

**Kevin Poulsen** ✓ @kpoulsen

Internet traffic for Google, Facebook, Apple was briefly rerouted to Russia today. @bgpmon calls it “suspicious”
