 Ben Koehler *ETE* has updated their sound yet again, and I love it as much as ever. As much as the duo seems to love playing their music, I love listening to it. I can't help the head-bob that starts whenever I hear their music! Favorite track: Reprise.

 Alex Alexander *I've always loved El Ten Eleven, but I feel like with this EP they've finally taken the textural aspect of their music to the next level. Between the icicle delays in the second half of Nova Scotia, the glitchy computer guitar that kicks off Yyes!, and the coin-jingling melodies throughout Reprise, this EP really opens up some new dimensions on ETE's vibe. It's also constructed from incredibly solid performances (as goes without saying). Favorite track: Nova Scotia.*
