Thank you for all of the compliments on getting the World Cup to come to the U.S.A., Mexico and Canada. I worked hard on this, along with a Great Team of talented people. We never fail, and it will be a great World Cup! A special thanks to Bob Kraft for excellent advice.

Care to explain what you did by "working hard on this?"

Tweeting about it isn't considered "working hard"

I'm sure your tariffs on Mexico and Canada will hurt North America more than the World Cup will help it...by a mile

Nothing lie bragging about something as miniscule as this, after the IG report just showed that Clinton likely would have won the election.

It wasn't you Trump, it was Obama who got the World Cup here!
