**Acritarche** *This album is a blast! Whether you like rock, alternative or progrock this is a definitive masterpiece. Favorite track: Utopic.*

**kadees** *Für Fans des Heavy Rock, wie er zu Beginn der 10er so angesagt ist, für New Artrock-Liebhaber, für den Indie-Fan, der U2 oder Muse etwas abgewinnt und ja, auch für den Progger, der ein wenig „open-minded“ ist und kernige Wall-Of-Sound-Epen schätzt. In jedem Fall ist das souverän gespielt und intelligent arrangiert. Und man kann sich sogar mit vornehmer Zurückhaltung in kontrolliert-moderatem Headbanging üben Favorite track: To Love Is To Leave.*

**Dann 'the djentle giant'** *Another unexpected band with another unexpected sound. Dream the electric sheep is a hybrid kind of prog music. It combines progressive rock with typical british indie (but it's a pure american product!) and it also reminds of the post-rock vibe with a shoegaze atmosphere. All in all, DTES is the best compromise between the four fore-mentioned genres. Favorite track: Utopic.*
