This little black 'n' roll release does wonders on just four songs. It strongly reminds me of the underground heavy metal stuff that was passed around in the late 80's, but with a light black metal flavour. The guitars are the main attraction here, especially the leads do a great job of conjuring sort of a hypnotic atmosphere. That fade out to the ambient note in Begging To Be Adored only to come back with full force is just awesome. Favorite track: Begging To Be Adored.

Quintus Fixlein *Eben entdeckt, sofort gekauft! Das kracht ja ordentlich hier!*

Charles Randall *Don't jam this at full volume in your car unless you want a massive speeding ticket. Favorite track: Begging To Be Adored.*
