## Two abandoned Soviet space shuttles left in the Kazakh steppe

1 / 13 - A Soviet-era Buran shuttle lies abandoned in a hangar at the Baikonur Cosmodrome in Kazakhstan. It's been gathering dust here for nearly 30 years. French photographer David de Rueda has visited the site, which is not open to the public, three times between 2015 and 2017, taking these photographs. David de Rueda

Written by  
**Jacopo Prisco, CNN**

**I**t was the Soviet response to the space shuttle, designed to take the Cold War into space. But after just one flight, it was mothballed. Now, the ruins of what was called the Buran program are left to rust in the steppe of Kazakhstan.

## Keeping the ancient art of bamboo weaving alive

Bamboo art is under threat in Japan. But new interest from the West has offered a lifeline to this intricate craft.
