rionka *fucking brilliant djent-jazz-metal-fusion instrumental cocktail with a great bunch of awesome layers. let's see i just got a new wake up track (Grand Unification) for the morning! it's like a hammer to my head, it makes me jump and paint and jump. also the Recombination & Pale Blue Dot are just awesome... Favorite track: Grand Unification (feat. David Maxim Mistic).*

Zapacheenie *This album compelled me to pledge an undying loyalty to Sithu, even if he is a shameful weeaboo. From beginning to end his arrangements stay on a pretty compelling plot. Each song is unique, yet altogether maintain a consistent theme. I cannot recommend it enough. Favorite track: Pale Blue Dot.*

Earl D *Surprisingly, my least favourite Sithu album (though still better than 95% of other music I own). As always, excellent songwriting and execution. Favorite track: Baryogenesis.*
