Trump shuts down our government and holds federal workers and the security of our country hostage to his demands to build a racist wall at the expense of American taxpayers that he promised Mexico would pay for.

Because of the Trump shutdown, our food safety is compromised without FDA inspections, our airports are less secure with less TSA agents coming in, our national parks are getting trashed, our national museums are closed, and our ports of entry are not secure.

The Coast Guard even asked its federal employees and their families to hold garage sales to cope with the Trump shutdown just to make ends meet. This is such a disgrace for the United States of America under an out-of-touch elitist and unindicted co-conspirator like Trump.
