[DEVELOP](#)  
Participate in building OpenMandriva and making it even better.

The OpenMandriva Association

The OpenMandriva Association's goal is to develop a pragmatic distribution that provides the best user experience for everyone, from newbies to developers. We will achieve our objectives for the best balance between the most modern features and stability.

Our roots are in Mandrake and its traditions, we are a worldwide community of people who are passionate about free software working together and take our technical and strategic decisions in a collaborative manner. We do not just build a Linux distro, we exchange knowledge and make new friends. Welcome to OpenMandriva Community! Click [here](#) to know who are us and what we are doing.
