See, this is part of the reason no one will deliver pizza to my house anymore

That's wrong in both cases of sex and pizza.

You must not have had pizza from a Road Ranger truck stop, almost as bad as the sex at that truck stop.

Sex is like pizza. I really had to beg my mum for it during the week.

Maybe I'm picky, but I've had bad sex and bad pizza, and I wouldn't call either "still pretty good."

Pizza is like sex - if you are going to use BBQ sauce you'd better know wtf you're doing.

Unfortunately not completely true. I had Pizza with mayonnaise on it by mistake in Japan once. I really felt sick afterwards

Yeah, well, your pizza might have given me herpes. Get tested.
- Ginkawa** 3 pts 1 hr

IMO if thats how you feel, you've never had "bad" of at least one of the two. because yeah, no. "bad" of each, you are better off without.
- PyehuskBrinalle** via iPhone 3 pts 1 hr

Is it like little Caesar's? Not always good but hot and ready.
- testingonethreetesting** via Android 3 pts 2 hr

I disagree. There is no point for a female to have bad sex
