@DonaldJTrumpJr - I am one of those "loser teachers" and I will do more good in the next five days in my classroom than you will do in the rest of your sorry life. You are the broken progeny of a failure of a father. Try breaking the cycle and being your own man. **#beBetter**

I am one of those loser teachers as well and I support you every step of the way. I hope that any teacher that supported this nightmare in 2016 will think twice in 2020. Vote blue!!!! 2020 Is right around the corner.
