# Going nuclear with PM to announce \$90b French submarine deal is dead

Andrew Tillett and Matthew Cranston

Sep 15, 2021 - 10.25pm

The Morrison government is poised to tear up the [troubled \\$90 billion contract with French shipbuilder Naval Group](#) and partner with the United States and United Kingdom to switch to an American-made nuclear-powered submarine.

One source said the dramatic move would be justified that the shift to nuclear technology was required in light of the changing strategic circumstances as China becomes more aggressive in the region.
