I can't get over the fact that a white guy shot 3 other white guys in self defense, and the US media has somehow turned it into a 'black' issue. 🤔

Sorcery.

Replying to @ZubyMusic

The media and their 'journalists' start with the conclusion they desire, and then work backwards, retroactively refitting to match their conclusion.

Even if the details counter it, or it makes no sense.

Similar to the new version of 'science' we've been working with recently...

In this particular case, they **STARTED** with the conclusion that it was 'white supremacy'.

From that point onward, the facts and details are totally irrelevant to them and they will cling to this conclusion **NO MATTER WHAT**.

This is how it works... And it's a mockery of journalism.
