### README

```
hey guys its me linus torvalds, author of the smash hit linux. yes its me you  
can look at the url of the repo and the thingy at the top of the files it  
proves its 100% me.
```

```
i deleted linux because i hate it now i think it sucks. you should go use this  
awesome os its called windows xp i just discovered it its great
```
