Send a piece of shit in a box to someone. 🇨

Imagine all the people who annoy you the most.

An irritating colleague. School teacher. Your ex-wife. Filthy boss. Jealous neighbour. That successful former classmate. Or all those pesky haters.

What if you could send them a smelly surprise?

There is nothing that could replace the expression on the recipient's face after opening the box!

1) CHOOSE AN ANIMAL

Various animals have different types of excrement. Today, we offer organic, wet horse poop.

2) GIVE US AN ADDRESS

We deliver packages to ALL COUNTRIES in the world, directly to the recipient. We use national postal service.

3) PICK A STICKER

Do you prefer plain, simple and none-telling package? Or how about adding a big smiley face sticker?

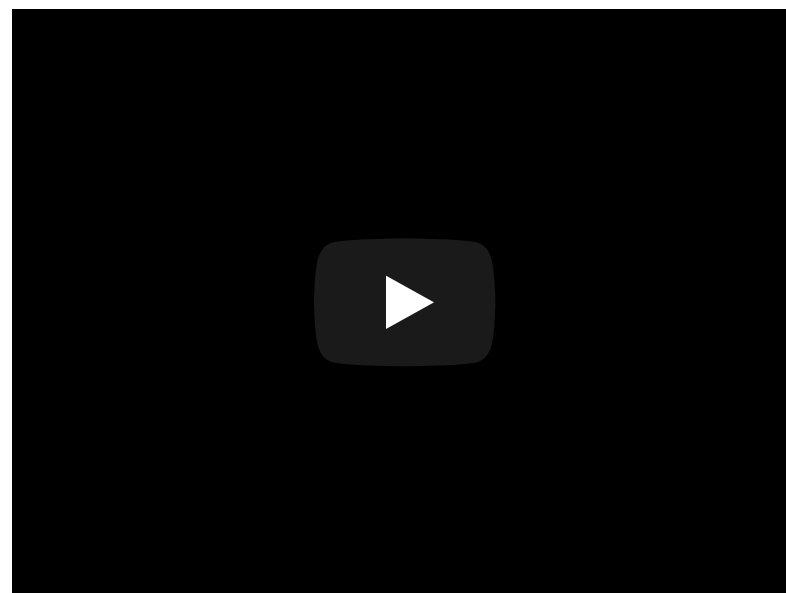

4) PAY AND STAY ANONYMOUS

This service is 100% anonymous. We will never reveal your identity, even if you pay by credit card.

Send a box filled with gluten-free kosher horse shit for as low as \$16.95
