It's heartbreaking. Wherever you are and whatever you do, please stay creative and healthy. If there's anything we can do just let us know. Elysium is YOUR Elysium forever. We love you.

good wishes and I cannot wait to see your current and future work. Your art gave me hope that there are legitimate alternatives to photobashed realism and oversaturated plastic paintovers in the realm of concept art. Can never properly express just how meaningful your art is

Dear Aleksander, Robert and Helen - I hope that's not too offensive to call you by first names - it's heartbreaking to hear this, please carry on with our best wishes, no matter where you are, what you are gonna make. It was beautiful, foer a time , and forever.

Please, if our fan support and publicity can help in any way.Financially or legally.We don't want to stand by and watch capitalism screw things up again It's heartbreaking.This world and characters do not belong to them, we do not want them to be desecrated for the sake of profit

We're miles away from each other but Revachol will always be in our heart, and the Disco Elysium I love will always be the one used to be.
