

We value your privacy

Empire requests your permission to use cookies and personal data on your device.

We use cookies and similar technologies for storing/accessing information on your device, personalising advertising and content, measurement of advertising and content, audience research and services development plus precise geolocation data and identification through device scanning. Our partners may process data based on legitimate interest, but you can object to this. Some data processing may occur outside the EU/EEA, such as in the USA, where data protection levels might differ.

If you prefer not to consent to our 191 tech partners, you can subscribe for £2.99 to visit the site without any data being processed.

You can manage your preferences via the privacy settings link at the bottom of each page. Your settings are site-specific and can be altered anytime. Our [Privacy Policy](#) provides more details.

People:
[James Cameron](#)

While the [Avatar](#) saga is, so far, a primarily cinematic story, James Cameron’s imaginative world has already expanded into other mediums. *Avatar: The Game* and [Frontiers Of Pandora](#) have given gamers the chance to explore the Na’vi homeland in a more interactive way
