It's not XOR... That would mean if he *weren't* out of bubblegum, he couldn't kick ass. Surely the presence or absence of bubblegum doesn't preclude ass-kicking? It should just be OR.

I thought it would be and/or to make the most sense

Edit, ob2 has told me this is what OR means

Ah, thanks. I looked up XOR but not OR, having thought that it would just mean regular or.

Love that his Patreon told him this, and he just ignored them purely to make his comic slightly more esoteric.

Yeah he's kind of a asshole but he's popular so he doesn't have to care about it anymore

I came here to read comics and post comments, and during this brief window at the start of the month I can do both so yay I guess.

You came here to read comics OR post comments unless you don't read the comics if you can't comment?
