- **Keep sensitive documents safe and secure**
  All faxes are encrypted with TLS in transit and securely stored to protect confidential information. Custom policy controls allow you to enable faxing for specific team members, set retention periods, and enforce compliance requirements.

- **Maintain visibility and control over fax activity**
  Easily track online fax activity with logs and reports for auditing compliance.

- **Get peace of mind with unlimited storage and data retention**
  Don't worry about losing important faxes — our unlimited storage allows for easy access and retention of all documents whenever you need them.
