PLANET

INDONESIA

Help protect Indonesia's threatened ecosystems

Total raised: \$224.00 afarTV, organizer

The four pillars of the Planet Indonesia Core Model are designed to bring the positive change needed to the social-ecological system by reducing threats to biodiversity, improving economic opportunity, and increasing access to basic services for local communities living within valuable biodiverse ecosystems.

We conserve at-risk ecosystems through village-led partnerships. Planet Indonesia provides an innovative solution that holistically empowers rural communities living in tandem with the world's most biologically diverse ecosystems. We engage locally-led solutions utilizing a human-rights based approach to nature conservation and sustainable development. By reducing socio-economic inequalities and removing barriers our approach catalyzes community-led conservation while improving human well-being.
