We use cookies and data to

- Deliver and maintain Google services
- Track outages and protect against spam, fraud, and abuse
- Measure audience engagement and site statistics to understand how our services enhance the quality of those services

If you choose to “Accept all,” we will also use cookies and data to

- Develop and improve new services
- Deliver and measure the effectiveness of ads
- Show personalized content, depending on your settings
- Show personalized ads, depending on your settings

If you choose to “Reject all,” we will not use cookies for these additional purposes.

Non-personalized content and ads are influenced by things like the content you’re currently watching, your location (ad serving is based on general location). Personalized content and ads, including things like video recommendations, a customized YouTube homepage, and tailored ads, are based on things like your activity, like the videos you watch and the things you search for on YouTube. We also use this data to tailor the experience to be age-appropriate, if relevant.
