

James House-Lantto (He/Him) @Theeo123@mastodon.social

I laughed harder than I should have at this:

'Da Elf @elfin@mstdn.social @Theeo123 Fucking Genius!

Ludwig Vielfrass @lerxst@az.social @Theeo123 I used to have a pair of snips that I put a label on that read "emergency layer 1 firewall builder"

Edelruth, PBS Passport Holder @Edelruth@mastodon.online @Theeo123 I snorted, I did.

RobJE @robje @Theeo123 some more pixels and the story behind this cable can be found at @BIT bit.nl/cut-here-to-activate-fi...

Emerson Araújo @emerson23 @Theeo123

rAtze @ratze@social.anoxinon.de @Theeo123 😂😂😂

Daluk Starglyder @ObeseSpaceLizard@wobbl.xyz @Theeo123 Mood.

JacobRPG @jaykass@mastodon.online @Theeo123 Tech support caller: I cut where the cord told me to in order to activate the firewall. But now I can't get online at all.

Habrok @Habrok42@chaos.social @jaykass @Theeo123 "I see your problem: you do not use VoIP" ;-)

synlogic4242 @synlogic4242@vivaldi.net @Theeo123 reminds me of the time I was in a store, and looking at their selection, and they had a brand of like USB cables, and the brand name was: "Just Wireless!" (tm)

M_Woodged @mayama_woodged @Theeo123 A safe life without the internet? :3

Micheal @micheal@ecliptik.com @Theeo123 cut the hard line!

OrangeRight @OrangeRight@mstdn.games @Theeo123 ...I guess!

t.b. @trzyglow @Theeo123 the most solid and secure 2-way preset you'll ever have.

Justin M @Jam123@mstdn.ca @Theeo123 cheeky but effective

CM Thiede @cmthiede@vivaldi.net @Theeo123 air-gapped

ocdtrekkie @ocdtrekkie @Theeo123 I mean, this is fundamentally my oh crud strategy for work.

Spencer Lindsay @Spencerlindsay@theforkiverse.com @Theeo123 This is the kind of infrastructure I can get behind.

Peter @PeterLG@theblower.au @Theeo123 Darned good advice!

A_Minion @A_Minion @Theeo123 Love it. I was working on an AFB network and the Colonel came up to me and pointed at one of the machines and in a demanding tone told me that I had to make it so it's couldn't in any way be hacked. So I pointed to the coax and said "Cut that wire" (I'm just a hardware guy, what do I know), so as he was trying to comprehend what I said . . .

Seth Galitzer @sgsax @Theeo123 It's not wrong. Definitely would not let any packets through.
