

# THIS TRUCK CAN BE ANYTHING. EVEN AN SUV.

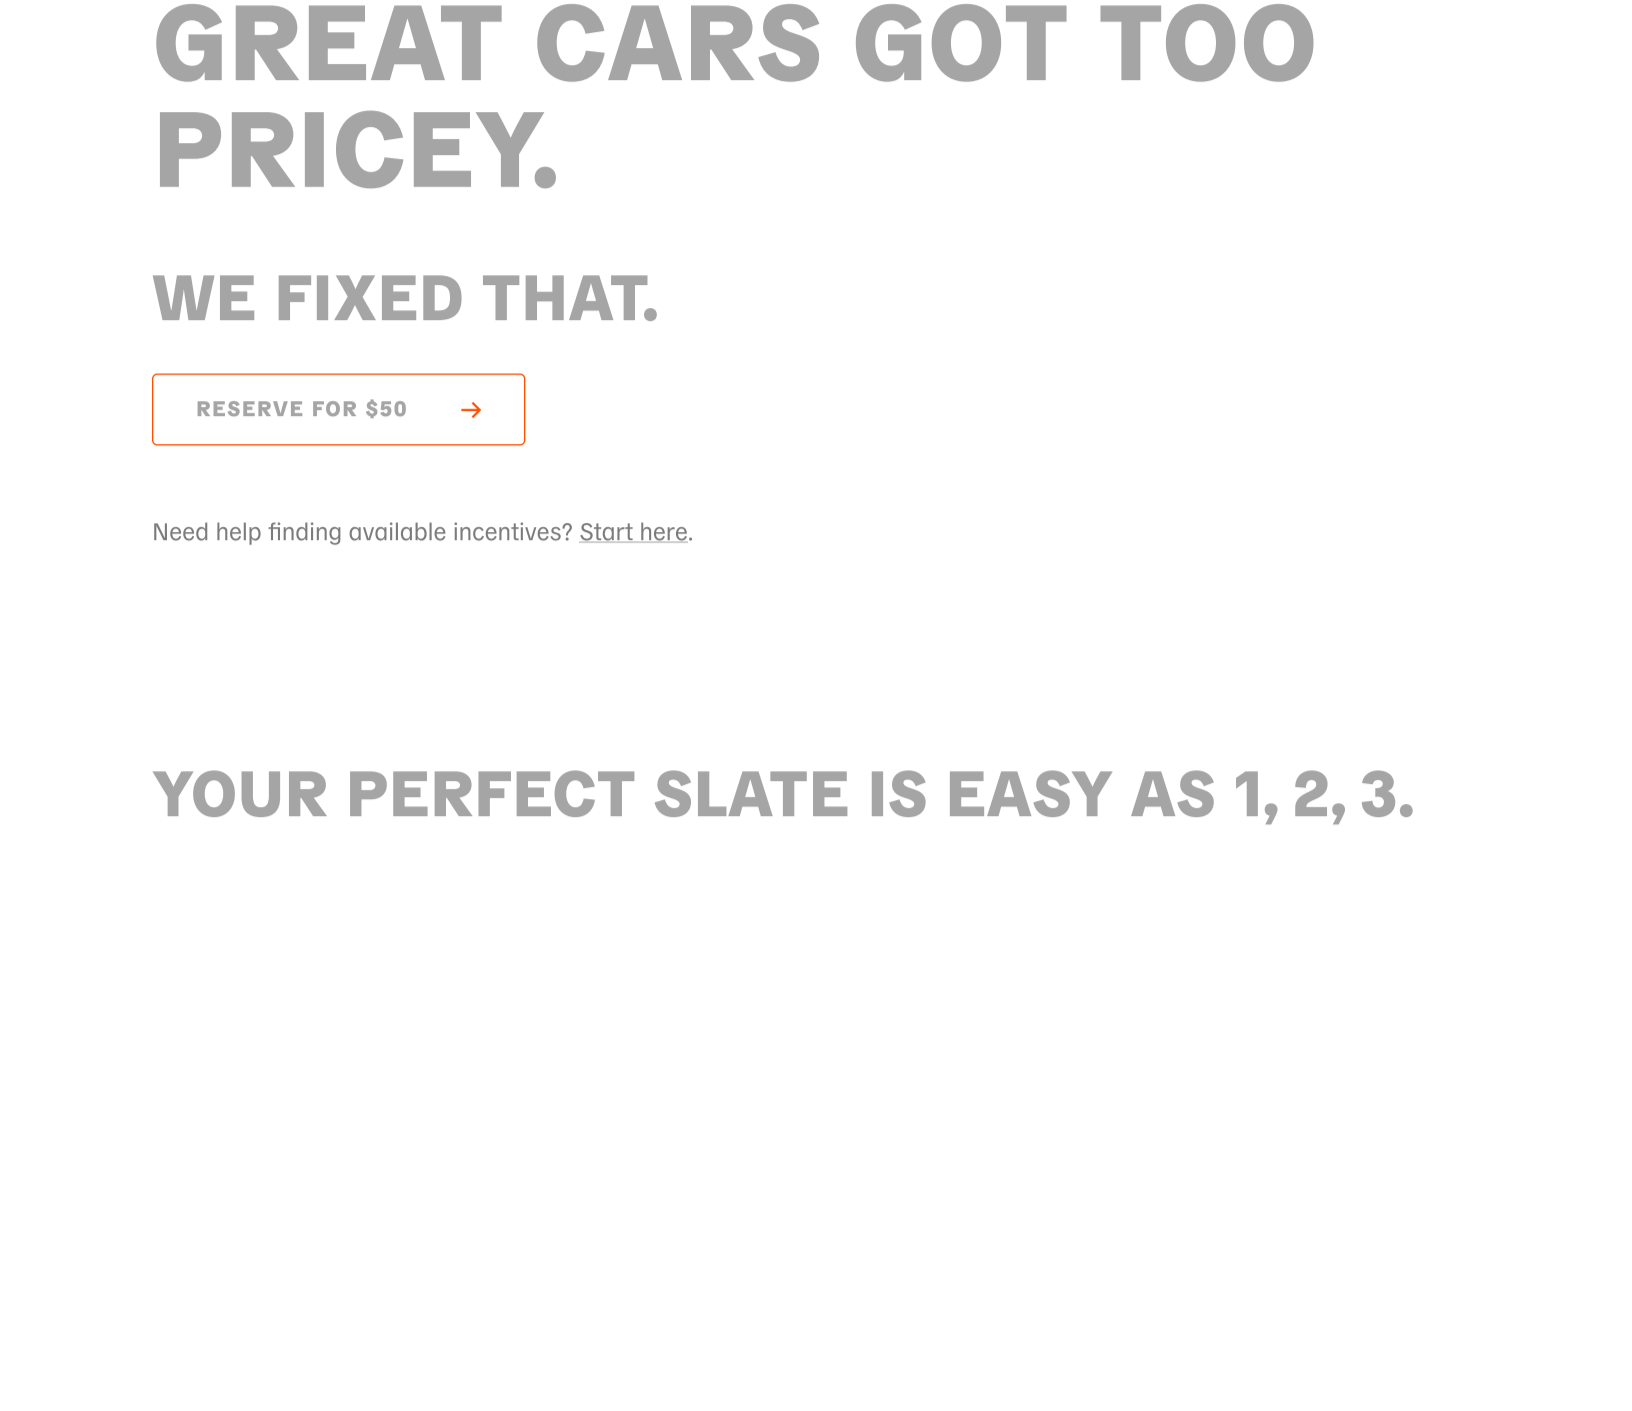

## CUSTOMIZE IT. CHANGE IT. MAKE IT YOURS.

It's a Slate. A radically simple electric pickup truck that can change into whatever you need it to be - even an SUV. At a price that's actually affordable (no really, for real).

### 2. LATER: MAKE IT YOURS.

When it's time to order, pick your battery and pre-installed accessories like wraps or an SUV Kit.

### 3. ANYTIME: ADD & SWAP.

Use the Slate Maker to pick and swap accessories whenever you want—even after you own it.

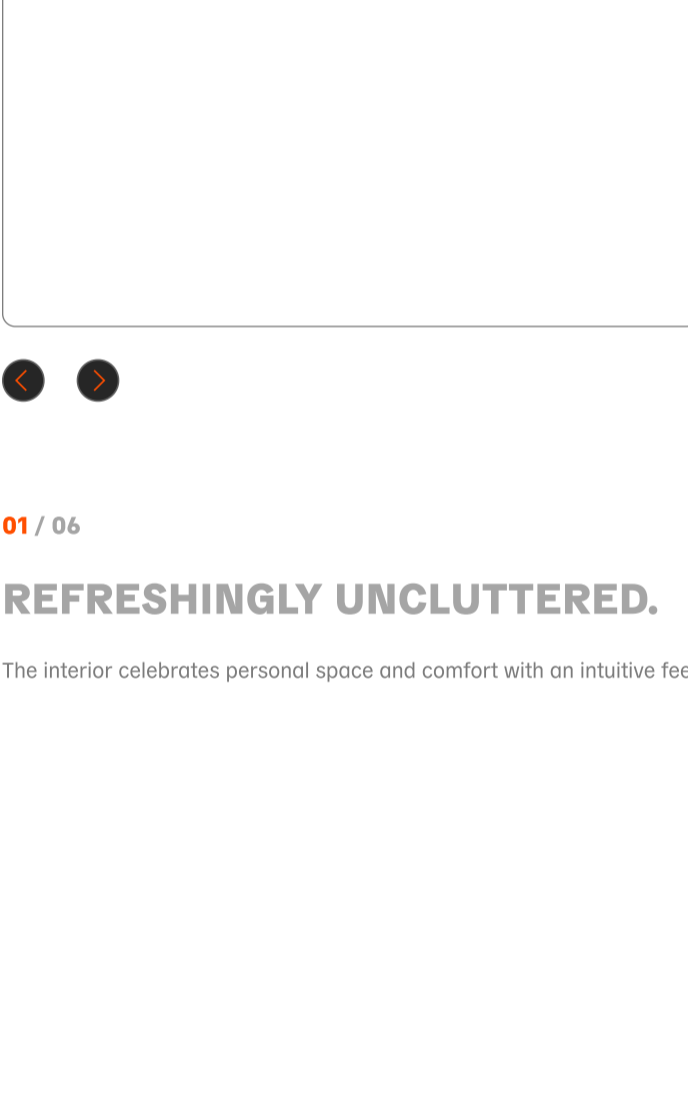

## IT'S A BLANK SLATE. YOU CALL THE SHOTS.

We believe you should decide how to spend your money, not us. So while other auto companies make bigger, pricier, feature-packed cars, we made a blank Slate. A vehicle in its essential form, without all the unnecessary stuff that adds to the price tag. Less cluttered, more useful. It's a blank canvas for personalization, so you can get exactly the Slate you want, with the stuff you want, at the price you want.

## REFRESHINGLY UNCLUTTERED.

The interior celebrates personal space and comfort with an intuitive feel that's elegantly simple yet memorable, and above all else, useful.

# IF YOU CAN CHARGE YOUR PHONE, YOU CAN CHARGE YOUR CAR.

If you've never used an EV, it can be an adjustment. But once you get used to it, it's cheap and easy. To make the switch easier, we've got tools to help — and can get you a home charger in just a few clicks.
