I don't usually share messages from the government but this one's important so please pay close attention.

Mastodon is the best way to keep up with what's happening.

Follow anyone across the fediverse and see it all in chronological order. No algorithms, ads, or clickbait in sight.

@aral Billionaire Shitc*nts is an amazing turn of phrase. And I will be using it moving forwards.

@peach same. Somehow it really captures the spirit of how I feel about them.

I would have never imagined, when I was like 15 yo, to spend part of my life in a dystopia like a Philip K. Dick novel....Damn fascists and trillionaires.

@aral Got to love @thejuicemedia. Also their ad for CCS should be hanging in whatever satire's version of The Louvre is.

@GlasWolf @thejuicemedia I read that as CSS for a second there and I was thinking "gosh, they've gone niche!" :)

@aral hope the US people wake up and do something, because seen from here, we manifest more than them when they want to not update our salaries from 2% ... than then that manifest against an angry pedo billionaire that destroy their country.

Ilka
@Ilka4You@mastodon.social · 9h

@skyblitz everybody needs to wake up. USamericans are just speeding up the train into Felon 47's bum, which is controlled by the billionaires. The world is just a pixelated billion from being controlled by Coke heads like the forementioned billionaires. Some countries realized they want back their sovereignty, some are still in deep slumber thinking "can't be that bad, USamerica is still on the map".

@Ilka4You @aral those who think : "can't be that bad, USamerica is still on the map"

Are either people brainwashed by their social app, or people bribed by money to lie about it.
