Show personalized ads, depending on your settings

If you choose to "Reject all," we will not use cookies for these additional purposes.

Non-personalized content and ads are influenced by things like the content you're currently viewing, your location (ad serving is based on general location). Personalized content and ads can also include things like video recommendations, a customized YouTube homepage, and tailored ads based on your activity, like the videos you watch and the things you search for on YouTube. We also use cookies and data to tailor the experience to be age-appropriate, if relevant.

Select "More options" to see additional information, including details about managing your privacy settings. You can also visit [g.co/privacytools](#) at any time.

#AI #ArtificialIntelligence #BBCNews

Could artificial intelligence one day become conscious? Or are we being distracted by science-fiction dreams while AI is already transforming the world of work right now?

In this fascinating edition of BBC AI Decoded, presenter Marc Cieslak and co-host Priya Lakhani, CEO of Century Tech, tackle one of the biggest questions in technology: will AI ever come
