

Skomer Island Day Trips

Only a 20 minute boat trip from the mainland, Skomer is an excellent place for a daytime adventure. Bursting with seabirds including our Atlantic Puffins, Guillemots and Razorbills, this National Nature Reserve is one of Britain's most important seabird colonies. It is peaceful and wild at all times of year - there's so much to see and explore.

Please note, Puffins start arriving in mid-April. They are present from May-July. The first ones start leaving in mid-July and all Puffins are gone by the end of July. Please see our seasonal timeline below for what to see each month.

How To Book for 2026

Booking opens for 2026 on 1st December.

Skomer is open April-August (Tuesday-Sunday) and in September on a reduced schedule.

Pembrokeshire Islands Boat Trips are the only boat operator who land on Skomer - the link below will take you to their website, where tickets purchased will cover your boat and landing fee.

Book here from 1st December
