September 11 attacks

Wikipedia

The September 11 attacks, colloquially known as 9/11, were a coordinated series of terrorist attacks on the United States in 2001. A total of 19 hijackers commandeered four commercial passenger airliners, which were flown into the World Trade Center's Twin Towers, the Pentagon, and a field near Shanksville, Pennsylvania. The attacks resulted in the deaths of nearly 3,000 people and caused billions of dollars in damage. The events of 9/11 led to the War on Terror and the passage of the USA PATRIOT Act.
