Community Over Code Glasgow 2026 features four in-person days of sessions at the Hilton Glasgow for ASF members, committers, and open source developers from around the world, focusing on Search, Big Data, Internet of Things, Community, Geospatial, Financial Tech, and many other topics. Each evening will also feature Birds of a Feather (BoF) sessions and social events, where communities will have an opportunity for free-form discussion and planning around our various projects.

Deep Dives, Real Insights

We're featuring co-located events and workshops on Saturday, October 10 and more than 160+ sessions across 18 tracks from Sunday, October 11 to Wednesday, October 14.

Communities That Endure

Community Over Code is the official conference of the Apache Software Foundation — where the committers, contributors, and community members behind the world's most widely deployed open source software gather to share, learn, and shape what comes next.
