About this item

Soneri 8K DisplayPort fiber optic cables support resolutions up to 8K 60Hz (7680x4320) and 4K 120Hz (3840x2160) to seamlessly display images and smooth entertainment.

Hybrid fiber optic cable technology ensures reliable and fast data transmission - even at long distances.

The Soneri DisplayPort cable is compatible with all monitors/televisions/GPUs with DisplayPort 1.4 interfaces, including NVIDIA RTX 40 series and AMD RX 7000 series.

HDR & DSC: Ancient premium cables support HDR and DSC for an even more vibrant and detailed visual experience.

The cable is reinforced in an elegant arthricale cotton and weighs perfectly to your home cinema setup.
